

Animals Sticky Note Game

When she and Flora start making friends in the cafeteria, Abigail gets everyone to play together by making up a fun animal game on sticky notes. Here's how to play with your friends or family.

Step 1: Write the names of animals using a colored stack of sticky notes. Make sure you just write one animal per sticky note.

Step 2: Come up with some “awards” and write them on a different colored stack of sticky notes. For example, coolest-looking, smelliest, or best to keep as a pet. Again, make sure you just write one award per sticky note!

Step 3: Pick out two animal sticky notes and then pick one of your “award” sticky notes.

Step 4: Each person who is playing should talk about which of those two animals would win that award, and why.

Step 5: Take a vote on which animal will win that award.

Step 6: Set aside the winning animal sticky note and the award sticky note.

Step 7: Pick another animal sticky note to put next to the one that lost the last round. Pick a new award for those two animals to compete over.

Step 8: Repeat steps 4 – 7 until you've used up all the award sticky notes you've made.
